Page 1	*Name*	*Label*

Date	Time ▸	08.00	09.00	10.00	11.00	12.00	13.00	14.00	15.00	16.00	17.00	18.00	19.00
Pupil Scale	Temperature												
1 •	Pulse												
2 ●	Respiratory Rate												
3 ●	BP												
4 ●	SpO_2												
5 ●	GCS												
	Pupil Size (mm) L												
6 ●	Pupil Size (mm) R												
	Headache (✓)												
7 ●	Capillary Glucose												
	Capillary Ketone												
8 ●	IV Sites												
	Equipment check												
Insulin Rate u/kg/hr													
Insulin Rate ml/hr													
Total Insulin Infused (ml)													
1. 0.9% NaCl													
2. 0.45% NaCl + 5% Glucose													
3. 0.45 % NaCl + 10% Glucose													
4. 0.9% NaCl + 5% Glucose													
5. 0.9% NaCl + 10% Glucose													
6.													
With Potassium; 40 mmol/l (✓)													
Oral/Enteral fluids													
Total Intake													
Oral/NG losses													
Urine													
Other													
Total Output													
Cumulative Fluid Balance													
pH													
pCO_2													
HCO_3													
ABE													
Lab Glucose													
Sodium													
Potassium													
Urea													
Lab HCO_3													
Lactate													
Anion Gap													
Chloride													
Corrected Sodium													
Creatinine													
Phosphate
